ASK CARTER TO STAY--SMITH'S CANDIDACY

BUSINESS MEN ASK

Governor

CARTER TO REMAIN

CHAMBER OF COMMERCE RESOLUTIONS

Whereas, the Hon. Geo. R. Carter has publicly announced his intention to resign the office of Governor of the Territory of Hawaii, and be it

Resolved, that the members of the Chamber of Commerce of Honolulu hereby express their sincere regret that the Governor should entertain such a proposition;

Resolved, that in the administration of the public affairs of the Territory Governor Carter has held the esteem and respect of the Chamber of Commerce and in the discharge of the duties of his office he has displayed ability, integrity and high character;

Resolved, that it is to be earnestly hoped that Governor Carter will be persuaded to abandon his intention of resigning and will consent to continue to hold office.

The above resolutions were unanimously adopted at a largely attended special meeting of the Chamber of Commerce in the Stangenwald building at 10 o'clock this morning.

President E. D. Tenney occupied the chair and J. G. Spencer, secretary, was at his post as usual.

"This is a special meeting of the Chamber," said President Tenney at the start, "called on the request of five of the members." Mr. Tenney then read the call which stated that the suggested resignation of Governor Carter was to be discussed.

Prefacing the sentiments of the body, the President delivered himself of the following:

"The Honolulu Chamber of Commerce is a representative body of almost all of the business houses and includes a big number of prominent men of affairs of this city.

"A condition of affairs now presents itself whereby a possible change in the Executive causes concern and it has been thought that an effort should be made to induce the Governor to withdraw his resignation.

"A change in the Executive at this time is of great commercial interest; any change in the administration, it is thought, might be conducive to bad results.

"The Chamber of Commerce has no part in politics, but one of its duties is to consider the significance of events as affecting commercial interests.

"Members are probably very busy today, so if there is no objection, we will dispense with the reading of the minutes of the previous meeting."

Mr. Tenney then called for remarks.

MAUI IS BITTER
OVER BALDWIN DEFEAT

(Special to The Bulletin)

Wailuku, Maui, June 23.—Election day passed off very quietly on Maui. The Democrat-Home Rulers held a big demonstration on Market street on Monday evening. The speakers of the evening were the candidates. The Republicans spoke last Saturday evening on Market street to a large crowd. On Tuesday there were no speech-making as the voters had already made up by that time whom they would for. The Maui Board of Registration, consisting of Hon. S. E. Kaiue, chairman; Geo. Weicht and W. F. Crockett, members, held a session all day at the Wailuku court house as ordered by the Governor. The polls were closed promptly at 5 o'clock and the counting then commenced.

Kihel was the first to send in his report, 13 for H. P. Baldwin and 20 for W. H. Cornwell. Kahului and Puuene then came in with 123 for Baldwin and 13 for Cornwell. The counting of Wailuku was through by ten o'clock, Baldwin 112 and Cornwell 116. A little later Kahului report came in 4 for Baldwin and 9 for Cornwell. Kahului and Puuene, Kihel, Wailuku and Kahakuloa gave Baldwin a majority of 99 over Cornwell. Every body was of the opinion that Baldwin would win, as it was expected that Waihee would give him no less than 35. Cornwell himself gave up all hope of victory and went over to the podium with his followers to console, as it were, over the result of the election. Fifteen minutes later the Waihee returns came in which gave Cornwell 132 and Baldwin only 31. This gave Cornwell a majority of 13 over Baldwin, and the tide of justification was then turned. Messrs. J. L. Coke and G. O. Cooper put up the returns from all the Maui precincts at the Maui Hotel. A large crowd gathered at the hotel veranda to find out the latest returns and many remained around that vicinity until past midnight.

Molokai precincts were not heard from until the following morning, but it was evident from the overwhelming majority the Republicans were then leading with that it was impossible for the Fusionists to catch up. The Democrat-Home Rulers then began to give up hope. While the Republicans rejoiced at the grand victory of electing all its County officers besides the Supervisors and Deputy Sheriffs in all the outside districts, yet they were unhappy over the fact of the defeat of Baldwin.

In fact, the Republicans openly declared that they would rather have all the other officers defeated than see Baldwin, the greatest supporter of the County government movement in all the Territory, go down to defeat, for there's no denying the fact that it was the force of his interview in The Bulletin that finally gave Hawaii the County Act, Maui County has four Republican County Supervisors and our affairs are perfectly safe in their hands.

CENTRAL COMMITTEE WILL ACT TO DAY

Now there is a very decided movement toward W. O. Smith for the gubernatorial chair to succeed Geo. R. Carter should the latter refuse to reconsider his resignation.

It is supposed that Smith would have the present incumbent's recommendation and report has it that even Lorrin Thurston, supposed to be a backer of Henry E. Cooper, accepts Mr. Smith for the office.

Mr. Smith was seen by a Bulletin reporter this morning.

"Would you under any consideration consider the Governorship if chosen for the office?" was asked.

Mr. Smith was very busy as usual. He reminded the reporter of this fact, but was nevertheless arrested by the question before he could retreat to his inner office where numerous persons interested in his representation were awaiting his presence.

"What do you want to see me about?" asked the gubernatorial possibility.

"Oh, yes, yes! The Governorship—what's that? Would I under any consideration accept the office? Well, I don't know that I would answer that. I think it would be best to say that—under no consideration would I care to have to consider the Governorship."

"But, if having to consider the office, would you under any conditions accept?"

"Are conditions possible where you would accept?"

"I think you better say that I hope conditions will not arise where I would have to consider the office. I cannot."

And then Mr. Smith broke away and was lost behind the swinging door of his sanctum.

So there is apparently a loophole somewhere. Evidently Mr. Smith is in the hands of his friends. He does not say that he would accept, nor does he declare that he would refuse.

W. O. Smith and H. E. Cooper, so the indications are, are about neck and neck at present for the main office of the Territory. Heretofore Smith has always been regarded as a supporter of Cooper.

The governorship is the first topic of conversation everywhere. Opinion is not as pronounced as it might be were it known just what Carter has in mind; whether or not he is determined to resign. The Planters' Association has asked him to remain and today the Chamber of Commerce passed resolutions to the effect that he reconsider.

Carter's resignation has certainly stirred the business community whose members are apparently against any change on the ground that too frequent changes of administration are bad for commercial interests. They don't know who may succeed; and naturally, perhaps, fear the appointment of some man who may start out in a way all his own and upset business by reason of doubt as to what he is going to do next.

Smith, like all men, has his critics as well as his friends and the former declare that in office he would be altogether too arbitrary in his administration, notwithstanding his influence for harmony as a private though prominent citizen.

Cooper is conceded to be a man of energy, initiative, persistence, integrity, popularity and good, sound executive sense, combined with fairness and an appreciation of the public good. Baldwin Won't Accept.

H. P. Baldwin has made it very clear to friends and every one else that he cannot be considered for the Governorship. Mr. Baldwin feels that moral obligations are all powerful that he shall finish the work in connection with plantation properties which he has undertaken and which cannot

be complete for more than a year.

As to the Kepoikai matter, Mr. Baldwin stated this morning that the morning paper was not correct in saying that his name had been forged to the Kepoikai resolutions. And at the same time he had not signed the resolutions. He was not present at the meeting. He has not signed the resolutions. Therefore the copies given out for publication with his name attached were misleading. It was expected by the meeting that Baldwin's signature would be secured.

Mr. Baldwin's friends seem to think that the appointment of Kepoikai will be impossible in view of his endorsement by the Home Rulers and that Baldwin's first choice will be W. O. Smith, and failing in that he would select H. E. Cooper.

Men like Baldwin, however, are not talking politics much these days, because the situation is a difficult one at best. They don't want to think that Carter will persist in his resignation. Therefore they are not in a position to take a positive stand regarding anyone else and have a natural fear that their position may be misunderstood.

Central Committee.

Chairman Robertson has been asked to call a meeting of the Territorial Central Committee today and they will meet at 5 p. m. At that time a resolution will be introduced approving Carter. It is likely to arouse much difference of opinion, for if the Committee can approve the line of action Carter has taken, then it might

McBRYDE PLEASIS
B. F. DILLINGHAM ON
INSPECTION TOUR

"I was practically speechless with delight when I looked over the McBryde plantation of today," said B. F. Dillingham this morning. He returned Sunday morning from his first trip to McBryde plantation since that property was developed from the old Elelee property. Naturally the changes have been tremendous and Mr. Dillingham as the holder of a large block of shares is very much pleased.

"They have had a drought but the cane doesn't look it now," continued Mr. Dillingham. "The cane is looking remarkably well and it was raining when we left. Mr. Kinney, the manager and myself went all over the plantation in the plantation observation car. McBryde has a reservoir system which gives it hundreds of millions of gallons of water. This takes care of and makes use of the storm water. Then there is the electrical development which will give 2,600 horsepower and will be ready for use not later than July, next year. Other water development plans are on foot.

"Considering the age of the plantation I think it compares with the best in the islands. As to the bonds, all those bonds will be taken up before the first of next year. The plantation is being splendidly managed. Its expenses are low. Its labor problem has been handled with excellent judgment. I don't own a single bond but I own a lot of stock. We know that the bonds are saleable and there is no better investment in the Territory today."

MAUI'S GRAND JURY

DIDN'T TAKE TIME TO
INVESTIGATE LAHAINA RIOT

Makes Suggestions To County Supervisors—Road Board Is Called To Account

(Special to The Bulletin)

Wailuku, Maui, June 24.—The term of the Second Circuit Court is still in session in Wailuku. The Grand Jury was discharged last Thursday afternoon. The following is the leading features of the report:

As the October Term, 1905, of this Honorable Court, is to be held at Lahaina, Maui, your Grand Jury, for the convenience of witnesses, and in order to curtail expenses, did not deem it wise to at this term investigate the matter of the strike at Lahaina.

Having noted that the Grand Jury at the March Term, 1905, of this Court, condemned the action of the Road Board in changing the Waihee road at Puakalaino, and recommended that at some time in the near future this road be reopened and reconstructed in a proper manner at its former location, in order to satisfy ourselves whether this recommendation of said Grand Jury had been taken heed of, we visited the location, and we regret very much to report that no steps have been taken by said Road Board in this matter. We therefore suggest to said Road Board the advisability of their immediately taking some steps towards carrying out the said recommendation of said Grand Jury.

We would respectfully call the attention of the Board of Supervisors of this County to the deplorable condition of the sidewalks of Wailuku.

We further call their attention to the sanitary condition of Wailuku and Kahului, and we recommend that a sanitary inspector be appointed for this and other districts of this County, where the population is over 2000.

We demand the immediate removal of H. Z. Kalpo from the police force for conduct unbecoming an officer.

We would respectfully recommend that the clerk of the Grand Jury, J. E. Gannon, Esq., be paid Five Dollars (\$5.00) per day, in addition to his per diem as a Grand Juror, for his services as clerk of this body.

We respectfully thank this honorable Court and its officers for the courtesies extended to us during this term and we extend a vote of thanks to William H. Heen, Esq., Deputy Attorney General, for the thorough manner in which he has presented all matters before this body.

Dated at Wailuku, Maui, June 22nd, 1905.

Respectfully submitted,
GEO. D. COOPER,
